Megan,

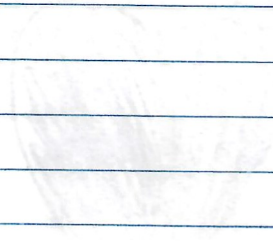

I was here that day. I wanted to save you or at least be of some kind of support for you & your family! I'm so sorry that I couldn't. You are always in our thoughts & prayers & I will always remember to teach my children & remind people to ride with their eyes open! God Bless you and your family. Lost but never forgotten.

Dear Meg

I'm sitting here watching all of the fire works going off because of the New Year and wondering why. Why are you not here? Why & how are we supposed to celebrate a New Year that will not have you in it?? It's so hard Meg!! I try to be strong but it's so fucking hard! I see you everywhere and don't get me wrong, it's a good thing, it's just also hard. I can hear your voice all day & it feels like you're right beside me. I hope I never forget the sound of your voice because I think I would die. It makes me smile to think I am "on your list"! It's one of the last things you said to me. I will cherish that for ever -- I am on Meggie's list!!! I feel you hear while I'm writing this. I know you can see all of the fireworks going off. I just wish you were here w/ us... I will never stop wishing that. I Love you my sweet niece.

6 never,

Sunflower Megan. Over this
last year you have grown, made
changes for the better and have
made many new friends. Always

that is kisses from Megan.

My Sweet Meg,

It has been a whole year & it's still hard to believe you're gone. Well gone but I can still feel you. I feel you in the wind (very much so now because it's windy - as heck!) when the sun beats down on my face & I feel you when I'm looking up at the stars at night. I could swear you're looking back at me. I know you're safe & w/ family & that gives me peace. ~~It's~~ I would still give anything to hear your sweet voice saying "Hi Auntie!" But I do have that peace knowing you are safe & with Papa watching over all of us.

Until I see you again
RIP my dear
I love you
so very much

Megan,

my forever sunshine?

Missing you so much. Not a day that goes by that I don't ask "why". I will never understand.

I could use your guidance in helping people to understand how tragic your loss is & how it could have been prevented. I struggle daily with knowing the details of how this happened. You had no chance Megan against the driver of the side by side that took your life.

I have nightmares & flashbacks

continuously, Megan, I begged
I begged I begged for them not to
give up on you I for you to breathe.
I will never forget that horrific
day.

Today there is an article in the
San Diego Union Tribune about your
tragic loss. Please help me to guide
people to understand this has nothing
to do with side by sides or any
other off road vehicle. This is
all about the operator/driver of the
vehicle. Megan, he admitted to
being reckless I JP; your brother
Jordan witnessed his recklessness

2-26-23
that took you from us. Your fiancé
Dean, your cousin Bryce, Sarah &
Ashley were all there with you when
it happened. They tried so hard to
help you unlike the driver & passengers
of the side by side.

I hope & pray no other parent has
to ever go through this. Such a
beautiful person, so full of life
& dreams was taken way too soon.

Until we see each other again,

Mom ♡♡♡

Cousin,

We came by to visit & clean up
your spot a bit. Paigyn's favorite
thing to do is ride out to you. I
love the role you still play in our
kiddos' lives. I promise it'll be that
way forever.

Megan

I think of you every day
but it has been quite a while
since I penned you a
message. Your 2nd annual
offroad safety ride has come
to an end. Not without some
glitches but our hearts were
definitely in it. Your mom
has always said if just one
life could be spared it would
all be worth the effort it
takes to work with the Park
Rangers. Here's to next Oct
2024 your 3rd annual offroad
safety ride. The only thing
that helps me bear your
loss is the memory of you in
life. Please continue dancing
on the sky. Till we are
together again all my love
to you

Granmy

Pls give Papa a big hug
& kiss for me

I did not know you, God,

My Sweet Baby cousin,
I miss you every single day. I know
you are with papa smiling down on us. I constantly
think about what Megan would do when choosing
what decisions to make going forward in this
freaking crazy world. You were my constant light.
There is not a day that goes by where I wouldn't
change places with you. You deserve to be here.
I don't have many regrets in my life but the
biggest one I carry is not making a better
effort to spend more time with you. You always
made everything ^{bad} seem so small, all my worries
just disappeared when I would hug you. You
are and always will be my guiding light.

I LOVE YOU !!
